What can you do for a child living in poverty? More than you think you can! Join the Shoe box project and magically turn a simple shoe box into a precious gift.

That nice barbie doll, cool car or funny teddy bear in the attic... they make a child in Lesvos smile. The pens and notebooks that you personally picked helps a boy or a girl in Sierra Leone to go back to school. Your shoe box is such a special gift. The kids will treat it as a treasure.

Give a present of immense value.

THIS IS HOW YOU CAN MAKE A REAL TREASURE OUT OF A SHOE BOX!

- 1 Use a shoe box of [these](#) measurements. More info: schoenendoosactie.nl/maten
- 2 Who are you making this box for? Write this on the slip on the back side, cut the slip and fix it on top of the box.
- 3 Decorate and fill the box with items of the adjacent checklist and remove packing material. Why don't you take a look for items at the thrift store (schoenendoosactie.nl/duurzaamheid).
- 4 Do not seal the box but use a rubber band. Give €5,- for transportation and processing costs.
- 5 Put this in the money envelope. Put the envelope underneath the rubber band.
- 6 Hand in the box at your local committee or take it to a collection center (schoenendoosactie.nl/inleveren).

THE JOURNEY OF YOUR SHOE BOX

When your shoe box is ready it travels first to the nearest collection station. From there it goes to a processing center. This is a very important place, for here we check the contents of all the boxes and complement it if necessary. We add a Bible booklet for countries that allow that. Now it is time for the long trip by boat or truck to one of the countries. That's where your treasure is received by a child!
